We hope this brochure finds your 2021 starting out with health & blessings and look forward to seeing some of you along the way with us this year with Covid protocols in place!

Some of you are aware of a health challenge I had with my right eye last fall, and since we don't have much room here, briefly just know that at this time I am doing well with no vision issues. I will need long-term follow-up to be sure there will be no untoward spread of the somewhat rare ocular melanoma that was presumed behind my right eye and treated with a radiation plaque. As always, we appreciated the prayers at that time and covet them as we move through this year—especially with the challenges of planning group travel due to continuing Covid issues!

The brochure only gives brief itineraries for the longer trips, so please call for more info and especially if you have questions related to traveling due to Covid—we only have so much room to share info with you!

Please be sure to note the different venues for each of the day trips this year—These day trips do not require deposits; however, if you sign up and then can't make it, please let us know as soon as possible—we quite often have wait lists, but once we give a final count, we have to pay for that full number.

If you have any questions about any of the trips, please feel free to call or e-mail us.

If you're not able to travel with us, please feel free to share this with a friend—our trips are continuously blessed by friends of friends of friends!
